Dear Jack,

You raised the question regarding approvals required prior to your procuring equipment under Contract No. TE-2191.

Gene K. is the person you should contact for technical approval. Prior to granting procurement approval, Gene or myself will first check to see if the equipment is available from our stocks. When Gene is not available I suggest you contact me.

You should as a matter of record confirm in writing to the Contracting Officer the fact that oral procurement was granted and give a description and cost of the equipment procured.

Very truly yours,

Dan
